## CAE Market in India: Research Report 2015-2019

"The Report [CAE Market in India: Research Report 2015-2019](#) provides information on pricing, market analysis, shares, forecast, and company profiles for key industry participants. - [MarketResearchReports.biz](#)"

## **About CAE**

CAE is the practice of using a broad range of software products to assist in engineering tasks. These software products support a wide range of tasks such as simulation, validation, analysis, and manufacturing of engineering products. CAE includes two major tools: FEA and CFD. FEA helps evaluate the functionality of a given product design before its prototype is produced. It is used in various manufacturing industries for estimation of structural strength and behavior, modeling, simulation, and design optimization. CFD analyzes flow, turbulence, pressure distribution, and interaction of liquids and gasses with various structures. Both FEA and CAE are widely used across industries such as aerospace and defense, automotive, electrical and electronics, industrial machinery, and others.

Technavio's analysts forecast the CAE market in India to grow at a CAGR of 15.60% over the period 2014-2019.

## **Covered in this Report**

The report covers the present scenario and the growth prospects of the CAE market in India for the period 2015-2019. The market can be segmented into two based on tool: FEA and CFD.

Technavio's report, CAE Market in India 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers India; it also covers the market landscape and its growth prospects in the coming years. The report also includes a discussion of the key vendors operating in this market.

## **Key Country**

India

## **Key Vendors**

- ANSYS
- CD-adapco
- Dassault Systmes
- MSC Software

## **Other Prominent Vendors**

- Altair Engineering
- Aspen Technology
- Autodesk
- COMSOL
- ESI Group
- Exa
- NEi

**Market Driver** :Presence of foreign CAE development centers and offices

**Market Challenge** :Availability of open source CAE

**Market Trend** :Availability of cloud-based CAE
